One-stop Solutions For Laundry Business

## Company Profile

**20 years+**

Complex project experience

**100+**

Company employees

**20000+**

Industrial base area square meters

Shanghai Easywash Technology Co.,Ltd is a technology-based manufacturing company that combines advanced technologies such as the Internet of Things, big data, and cloud computing with laundry equipment. It presents its new range of commercial laundry machines "SIMPLE CLEAN" with a wide variety of models specially for the commercial environment.

The company adopts a full set of mold and automatic production lines to ensure the perfect processing accuracy and mechanical strength of the product. At the same time, it has independently developed the main control board system and remote-control APP for its commercial laundry machines, which provides an excellent user experience thanks to the combination of more scientific washing and drying procedures.

The company will always focus on continuous innovation, intelligent manufacturing, smart washing and intimate service to achieve shared and win-win development.

SIMPLECLEAN is a high-class brand specializing in laundry equipment 10-35kg production range and capacity, mainly used in self-service laundromats and OPL commercial laundry equipments for global users.

We sincerely invite you to join us to help the laundry business grow up together.

## Product Type

① Hard Mount Washer  
EC/12HW EC/16HW  
EC/22HW EC/27HW

② Soft Mount Washer  
EC/12FW EC/16FW  
EC/22FW EC/27FW

③ Single Dryer  
EC/12DS EC/16DS EC/19DS  
EC/22DS EC/27DS EC/33DS

④ Stack Dryer  
EC/12DD EC/16DD EC/19DD  
EC/22DD EC/27DD

⑤ Stack Washer Dryer ( Hard mount washer )  
EC/12HWDD EC/16HWDD EC/19HWDD  
EC/22HWDD EC/27HWDD

⑥ Stack Washer Dryer ( Soft mount washer )  
EC/12FWDD EC/16FWDD  
EC/22FWDD EC/27FWDD

## Hard Mount Washer Advantages

### •SIMPLE CLEAN BRAND

Simple Clean series products adopt a full mold manufacturing process without one screw on the shining surface.

### • Multi Languages

16 languages such as English, Thai, Malay, Russian, Italian, Greek, Spanish and so on. At the same time we support customized LOGO.

### •Bearing System

Three oil seals and one water seal ensure the life of the bearing without being corroded by water. In addition, the lubricating oil imported from Germany achieves maintenance-free.

### • Coin Acceptor

Taiwan imported coin acceptor can accept 12 kinds of different coins or tokens.

### •Robot Welding

The main base and the cover of the inner drum are welded by robots to ensure accuracy and aesthetics.

### • UVC Disinfection

All our machines are equipped with 2 UV lamps for sterilization during the whole wash & extract process.

### •Depend O Drain Valve

Optional 3inches Depend O drain valve and drainage pipe reduce drainage time and improve efficiency.

### • Remote Control App Available

Energy Saving

Honeycomb Structure Design

30 Kinds of Wash Programs

### Heating way

Steam, Electricity, Hot water

### Usage way

Coin or OPL

## Soft Mount Washer Advantages

### • Manufacturing Process

We adopt automatic process equipment instead of the labor force and ensure accuracy.

### • International Famous Spare Parts

Delta inverter, NSK bearings, depend-O-drain valve, customized motor, big brands parts guarantee the machine quality and extend the life span.

### • 1000RPM Maximum Speed

Over-size bearings, heavy-duty frame and strong structure all enable our soft mount washer to run stably and smoothly under 1000RPM high speed with more than 400G.

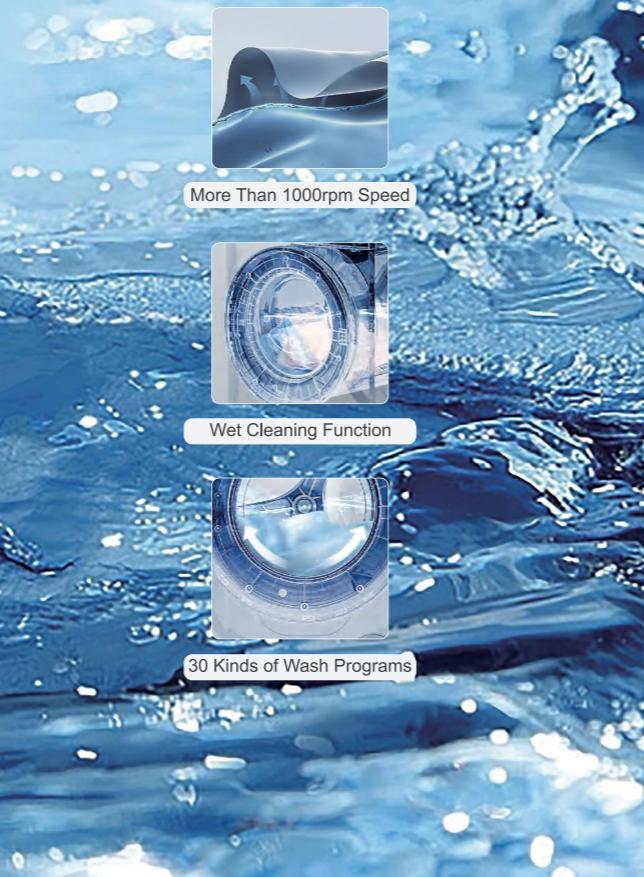

### • UVC Disinfection

The real UVC light will turn on the moment washing cycle starts. The cylinder will be immersed in the disinfection light throughout the washing cycle, double insurance of the sanitation. It can kill bacteria.

### • Free Maintenance

Three oil seals and one water seal ensure the life of the bearing without being corroded by water. In addition, the lubricating oil imported from Germany achieves maintenance-free.

### • Remote Control App Available

## Single Dryer Advantages

### • Reverse Rotation

Single dryer and Stack dryer all have reverse rotary function as standard configuration.

### • Convenient Load & Unload

The large diameter loading door is equipped with 180° door opening angle.

### • Famous Spare Parts

The imported gas valve and gas controller are from the USA. White-Rogers and Fenwal brand.

### • Consumption Saving

Energy saving. The unique design of the small tube (Gas heater) compared with similar products saving 30% gas consumption.

### • Payment Option

QR code payment / card supported payment / coin / token / remote control system.

Hot And Cold Air Exchange

Stable Performance

Drying Fast

### • Delta Inverter

Simple Clean series dryer all equipped with Delta inverter as well.

### • Safety Device

Triple inner drum safety protection sensor to ensure the machines in good condition to operate. If any emergency happens, the inner drum will automatically stop running and heating.

### • Touch Screen

7-inch touch screen and button control as two options.

### • OEM and ODM

As a factory, we can do OEM and ODM, and customize LOGO for customers.

## Stack Washer Dryer ( hard mount washer ) Advantages

- ① SIMPLE CLEAN series products adopt a full mold manufacturing process without one screw on the shining surface.
- ② 16 languages such as English, Thai, Malay, Russian, Italian, Greek, Spanish and so on. At the same time, we support customized LOGO.
- ③ Dryer has reverse rotary function as standard configuration.
- ④ OEM and ODM are our advantages.
- ⑤ The main base and the cover of the inner drum are welded by robots to ensure accuracy and aesthetics.
- ⑥ All our machines are equipped with 2 UV lamps for sterilization during the whole wash & extract process.
- ⑦ Simple Clean series dryers are all equipped with Delta inverter as well.
- ⑧ Payment option: QR code payment / card payment / coin / token / remote control system.

## REMOTE MONITORING SYSTEM AND ONLINE DIAGNOSIS

## SIMPLE CLEAN SERVICE AND SUPPORT

Computer after-sales service support, installation manual, operation manual, part manual, video guide.

All parts of the whole machine can be directly found in the elaborate parts manual, easy for maintenance and after-sales service.

## CERTIFICATE

Our company owns 100% intellectual rights to the above machines. We have successfully obtained patents for the clever design work on the machines. Additionally, all of the machines have received CE and ISO certificates, which are accepted in many countries. These certificates not only demonstrate high quality but can also help save customs costs for clients.
